

# ABC "D" (For Ducks) Clubhouse Opens!

With some key direct funding support from the *Anaheim Ducks*, some great volunteerism from the *International Brotherhood of Electrical Workers Union Minority Caucus*, extraordinary partnership with some

key Anaheim agencies such as *Public Works & Public Utilities*, architectural brilliance & help from *David Musser*, along with tireless efforts from a corps of GOALS coaches and some other volunteers, the GOALS ABC— D Clubhouse renovation was completed in late March 2019! A day-long OPEN HOUSE enabled hundreds of community residents, owners of local properties,

city and regional officials, and many friends of GOALS to visit.

Tributes to key supporters will remain permanently affixed to this landmark development as substantial additional community improvements will also continue in the months ahead during 2019. Most prominently *Visit Anaheim Cares* has stepped forward to help enable these other major improvements with grant support which will be used to create multiple activity venues surrounding the ABC -D Clubhouse. These will include an ABC—Deck, ABC Promenade, ABC Outdoor Amphitheatre, ABC Garden, “Tennis Legends” Court, Beach Soccer Zone, Tetherball Alley, and Beach Volleyball play area.

The Ducks plan to make another major improvement in this community of 2,000 west Anaheim residents soon as well. A sports rink will be built and GOALS will commence various team sports such as roller hockey, skating, soccer, lacrosse, Olympic handball, whiffleball, and others, to supplement a host of other educational and enrichment programs in and around the clubhouse along with weekly field trips to main GOALS and other community attractions. The overall project is the first of what GOALS hopes will be a widespread endeavor modeled in other communities across Anaheim and the region. With growing support anticipated from all sectors, we certainly feel this ambitious, widespread vision will be taking form in the years to come!

Please call GOALS (714) 956-4625 or email [info@goals.org](mailto:info@goals.org) to get involved in any way!
